Dear Mr. Fortner:

We are in receipt of your correspondence of September 15, 1987 re: Marlboro clocks. The new transparencies already have been put in, and photographs of each clock will be sent to you within the next week.

With reference to your second paragraph concerning the maintenance and timely repair of these clocks, I refer you to my letter of June 16, 1986, to the former broker for Marlboro, Richard A. Dougherty. We never received a response to that letter. Since that time, we also have had a second clock go haywire. It has been down for just a short time. We have attempted to repair it but to no avail. We do make periodic checks to insure that all lights are in working order and the units remain clean and dust-free. With the exception of the two (2) clocks mentioned herein, all other clocks that Philip Morris sent us are in proper order and working fine.

Sincerely,

Thomas M. Aldrich
